Executive Desk  
**MONOLITH**  
By NOVAH

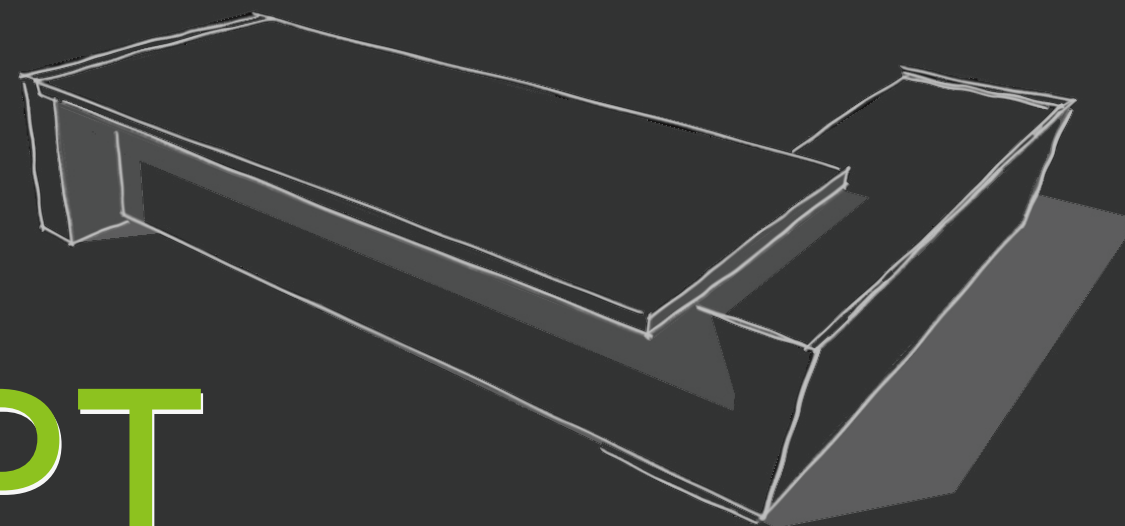

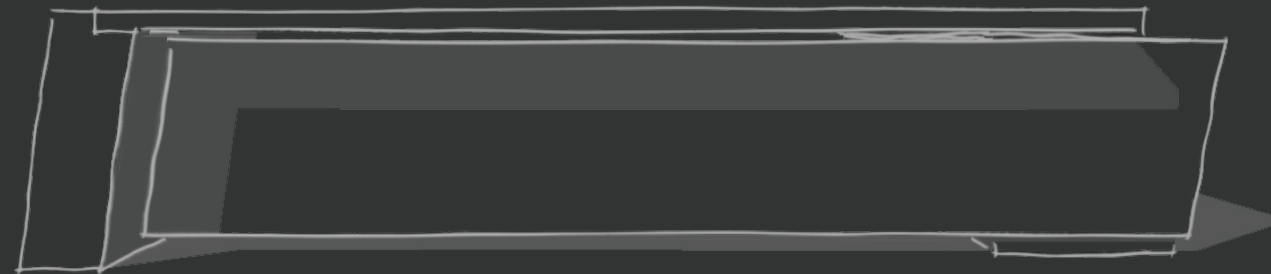

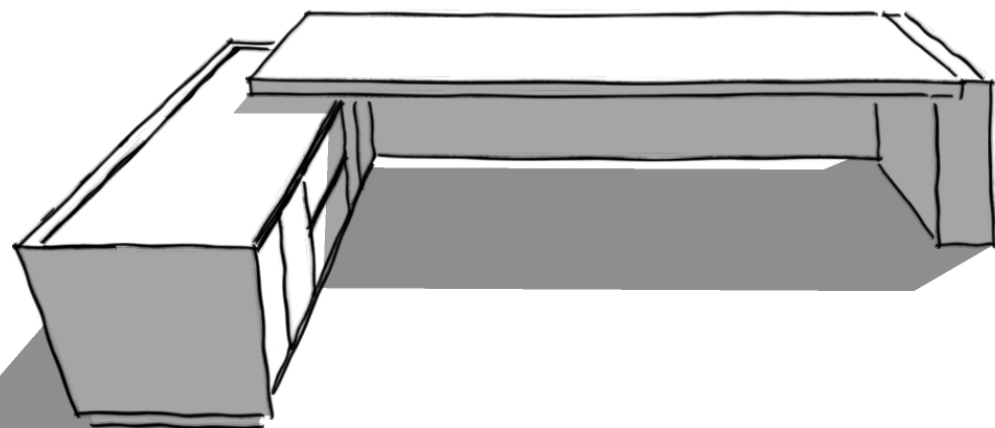

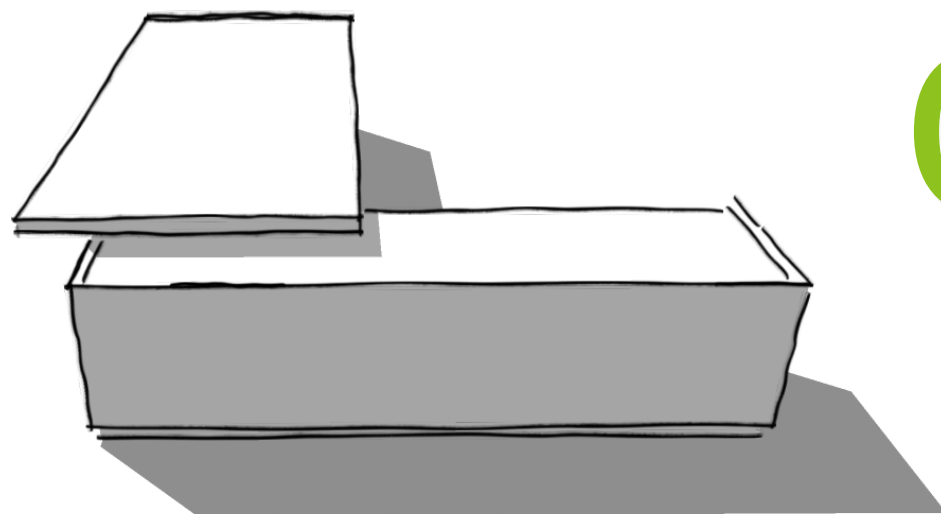

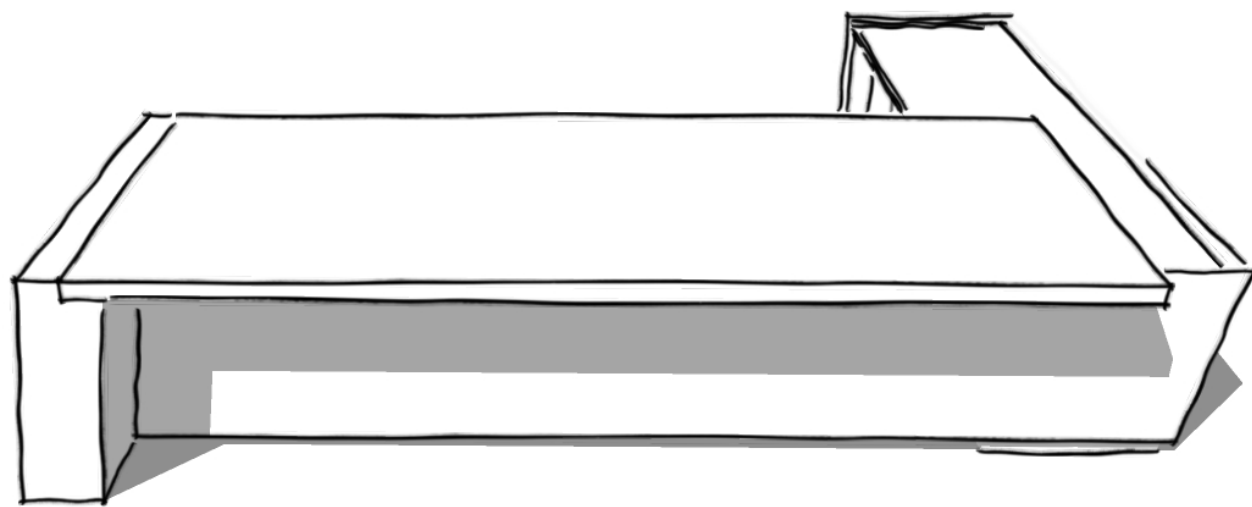

A photograph of a modern executive desk. The desk features a dark wood top and a white marble base with grey veining. The base is designed with an oblique, angular cutout. The desk is set in a minimalist office environment with a grey floor and a blurred background showing another desk and a chair.

MONOLITH, the combination of stone and wood, conveys the most natural artistic soul.

The oblique design is the embodiment of ingenuity. In a calm, quiet and low-key posture, Monolith reflects the boldness of vision of treating everything with disdain and the vastness of life.

CONCEPT

# Monolith

MONOLITH executive desk series offer rich office and entertainment sections. Combined with modern multimedia science and technology, it gives you multi-dimensional office experience.

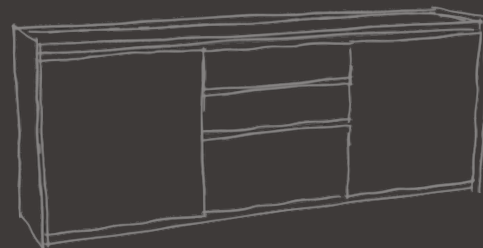

The side cabinet combination system includes a powerful file storage unit, the hidden line management system and Eubiq multi-purpose moveable socket module, as well as intelligent electrical central system that makes your office work more easy and convenient.

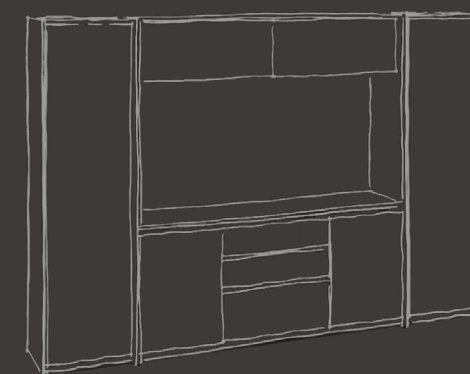

## Low back cabinet

The low cabinet combination is intended to enrich office working and satisfy diversified needs. In addition to being served as office cabinet, it is also suitable for leisure spaces and public places.

## High back cabinet

Back cabinets satisfy daily office requirements. It offers multiple combinations for your choice. For example, you can combine the tilt-up door with BLUM auto-sensing System.

MONOLITH

MONOLITH

Eubiq power track systems combine power track and exquisite decoration, rendering a sense of fashion and nobility. With high-quality materials, high temperature resistance, stylish and beautiful outlook and all-around protection, they bring high quality of life to you.

EB is a multipurpose socket system independently developed by NOVAH that features high integration and high flexibility. A plenty of socket modules can be combined freely. The concise and efficient power lines can be fit for most of the modern offices.

# Meeting table

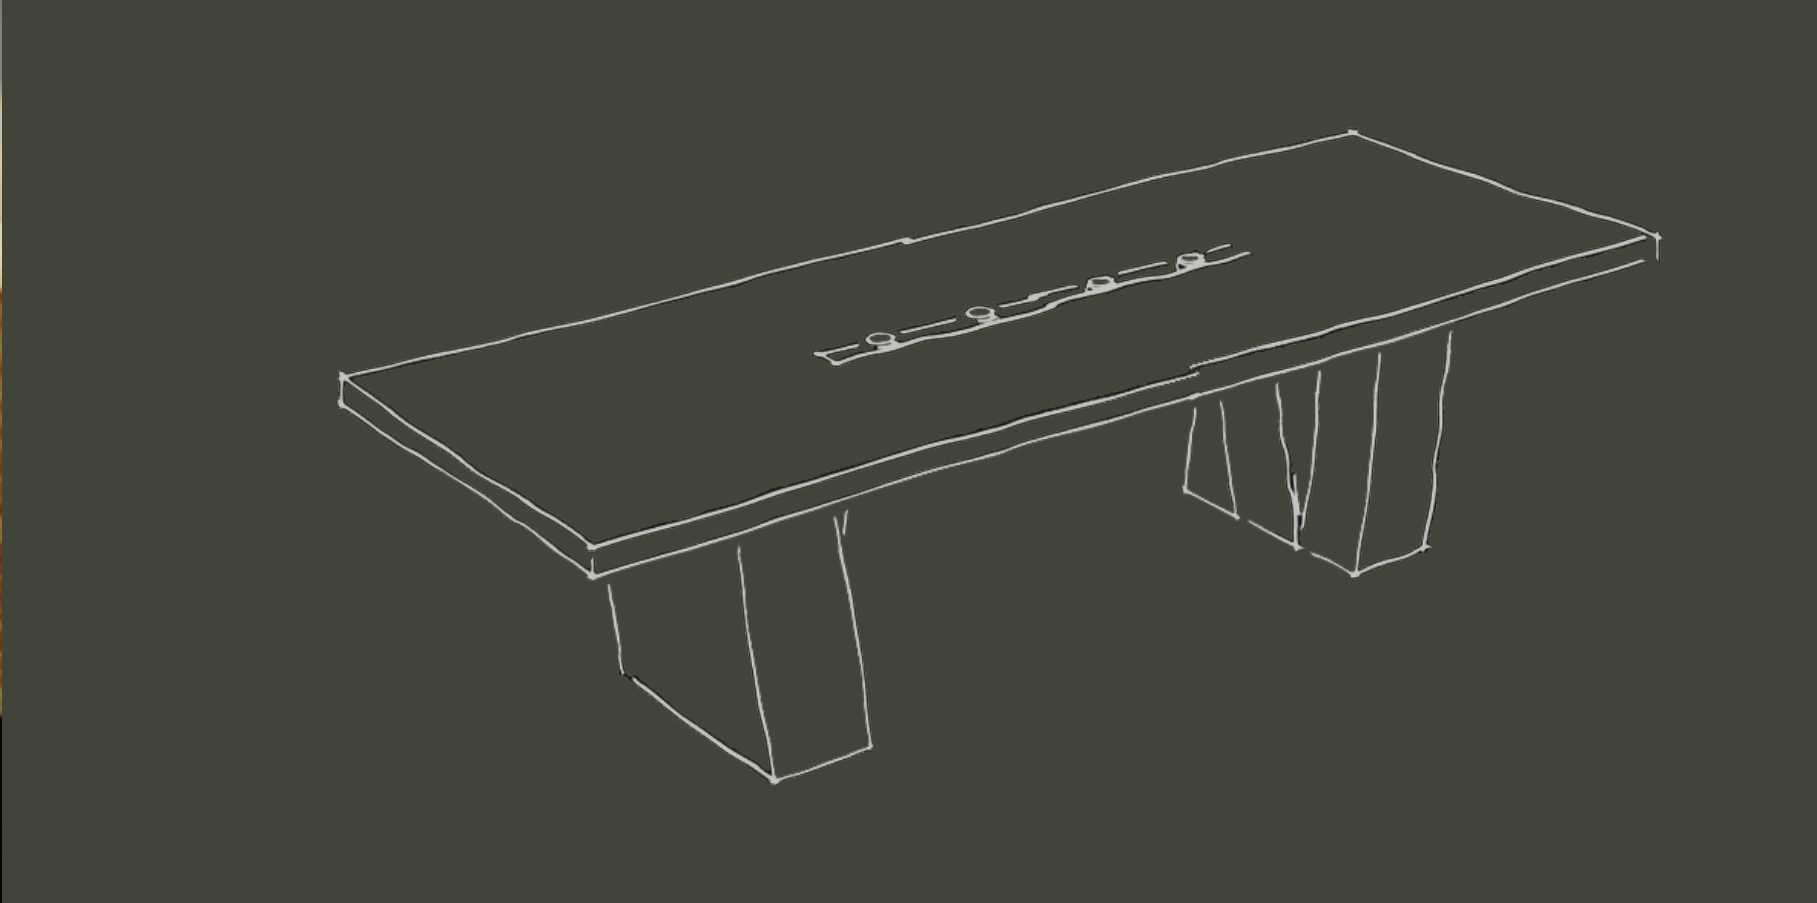

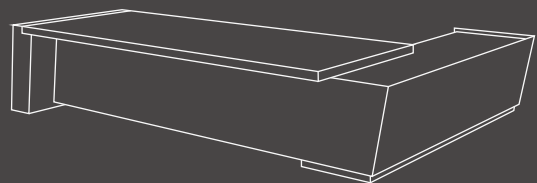

MONOLITH conference table systems provide convenient, fast and efficient negotiation and collaboration spaces. Extraordinary design stimulates your mind and excite your deeper creative thoughts.
