

R3 Bluetooth Remote Control User Guide

1. How to Pair

To pair the remote control with the receiver:

- Press and hold the circular pinhole on the receiver box.
- Simultaneously press and hold both the "+" and "-" buttons on the remote control for 2 seconds.
- Release the buttons when pairing is successful.

2. How to Reset

If the height-adjustable desk fails to operate correctly, you can reset it as follows:

- Long press the "-" button for 5 seconds.
- After releasing the button, immediately press and hold the "-" button again.
- The desk will lower to its lowest position and then rise slightly, completing the reset operation.

3. How to Set Memory Positions

To set a memory position for the height of the desk:

- Adjust the desk to the desired height.
- Press and release the M button.
- Choose and press one of the memory keys (1 or 2) to save the current position.
- The selected height will now be remembered and can be recalled by pressing the corresponding memory key.
