Pinboard Function: Utilize the pinboard feature on the back to transform it into an additional area for corporate display and promotion.

Lock Handle: Rotate the handle to the left to unlock and lock the latches that secure the two-sided writable whiteboard doors.

Storage Cabinet: Pull open the hidden storage cabinet from the bottom for storage purposes.

Writable Whiteboard: The two-sided flip-and-store design allows the 180° wall surface to be used as a writable whiteboard.

Storage and Switching: The storage and switching mechanism is designed in a treasure box style for easy access and organization.
