MOLO

Incredibly extends space and time

Endless Support

"Molo" in Italy either means pier or dock, a term apt for the purpose of this innovative conference table system. Like a pier with a bridge supported by pillars, the MOLO conference table is supported by sturdy legs that hold the platform together enabling people to communicate and work well together.

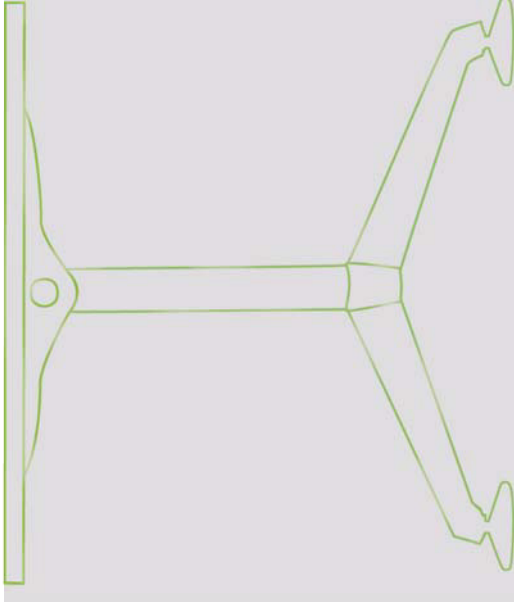

MOLO

Every component is manufactured with precision and checked for quality, made to last. Special attention is given to the manufacturing process; minimizing carbon footprint and to be environmental friendly.

MOLO is manufactured with the use of recycled steel, aluminum and plastic making it a sustainable product.

Simple and light

Available in multiple specifications to fit your needs

Choice of multiple supporting colors

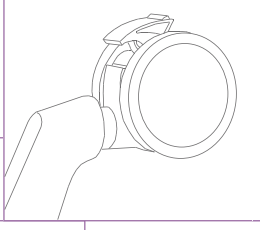

Easily dismantled for storage
