Guide Book

**Bag Hook:**

Designed for hanging backpacks, shopping bags, and other personal items, keeping the floor clear and improving accessibility.

**Steel Wire Book Bin:**

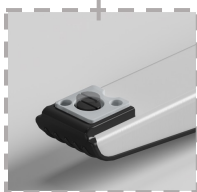

Provides secure storage for laptops, textbooks, water bottles, and daily essentials. Constructed from durable $\phi 5$ mm steel wire for high load capacity and long-term use.

**L-shaped Leg Design:**

The unique L-shaped leg structure maximizes under-desk legroom, enhancing comfort and facilitating easy access and egress for students.

**Table Feet (Rounded Edges):**

Features rounded, impact-resistant corners to minimize injury risk and discomfort from accidental kicks or collisions.

**Adjustable Leveling Glides:**

Equipped with adjustable floor glides to compensate for uneven flooring and prevent damage to PVC or other sensitive floor surfaces.
