

HUG

Collaborative

NOVAH

Inspired by the diverse needs of modern offices, Hug side table is accordingly designed elegantly and flexibly to break through the single-function limitation of traditional office furniture. More importantly, it can satisfyingly blend itself in whichever it sits, be it personal thinking or team working, striving to improve each and every work setting. In a word, Hug, a “hug” tailored for people in their offices, brings a touch of intimacy and warmth to the office by perfectly fitting its working tempo and changes.

Effortless Rotation and Switchable Mode

The tabletop of the Hug side table is ingeniously designed. Able to rotate 360 degrees with four locking positions, it enables users to adjust the tabletop according to their needs. In addition, it makes quick switches possible to meet the requirements of various scenarios, whether it's for placing a computer to work efficiently or laying a cup of coffee to drink in a relaxing moment. This makes a reality convenience and comfort in work.

Easy Operation and Adjustable Height

Hug, adjustable in height, boasts of a lifting range from H650 to H750mm, satisfying the needs of different people in collaboration space.

U-shaped Table Legs for Space Saving

The U-shaped table legs can be easily placed between the connecting feet of two sofas; and the cantilever-designed tabletop and legs can extend into the sofa to save space.

**Ultra-lightweight Configuration
and Flexible Handling**

The overall weight of Hug is approximately 3.5KG. That means it can be picked up even by a woman with one hand, and be moved anywhere.

Independent Personal Space

Hug can be paired with a single sofa/seat to set up an independent personal working space, interference-free and rather convenient.

Easy Assembly

Hug consists of three parts—the tabletop, column, and the table legs. There are two identical screws. It can be installed by one person in a few minutes.

Sustainability-oriented

Upon the very end of Hug's service life, all of its materials can be separated by type. Its packaging is made of 100% recycled cardboard, free from plastic pollution.
