Collaborative zones between open workstations are delineated by transitional partitions, creating flexible spaces for open communication and multi-person teamwork. This design enables scalable variations in openness, collaboration intensity, and functional adaptability.

A modern office interior with large windows overlooking a city skyline. The room features a wooden table, light blue chairs, and a beige armchair. The floor is covered in a patterned carpet. The text "Plug-and-Play Power on Desktop – Instant Access to AC and Data Connections" is overlaid on the image.

OPEN
COMMUNICATION

The fragmented window-side corridor spaces serve as an ideal spot for temporary work by personnel from adjacent workstations and their departments, as well as a comfortable retreat for personal relaxation during breaks. Lightweight collaborative discussions can be spontaneously initiated at any time.
