NOVAH

Executive Desk **MONOLITH** By NOVAH

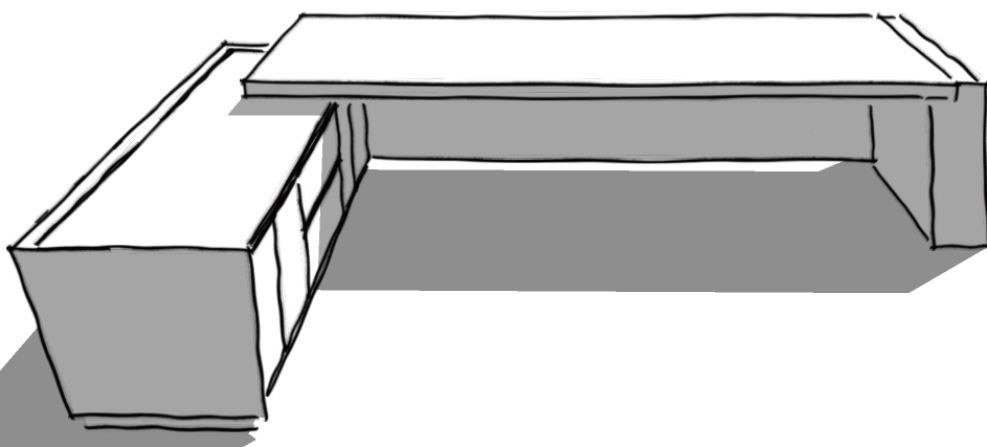

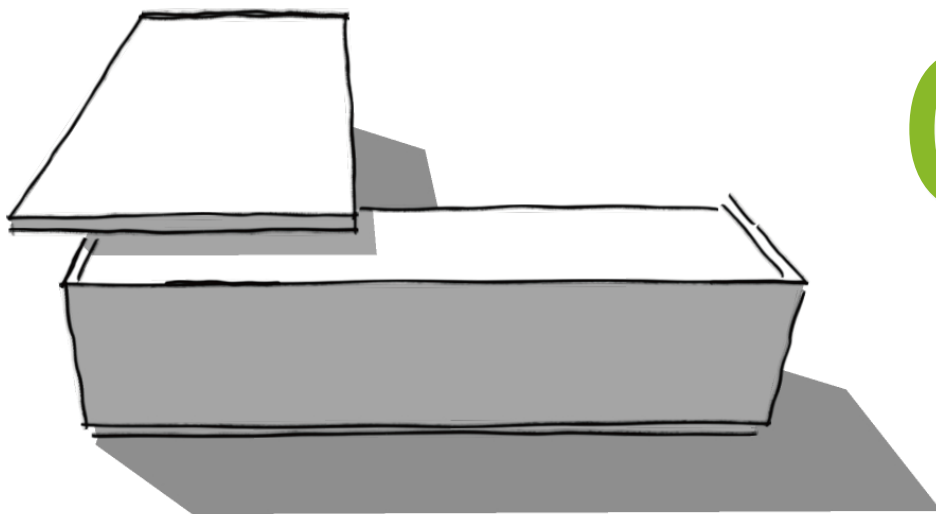

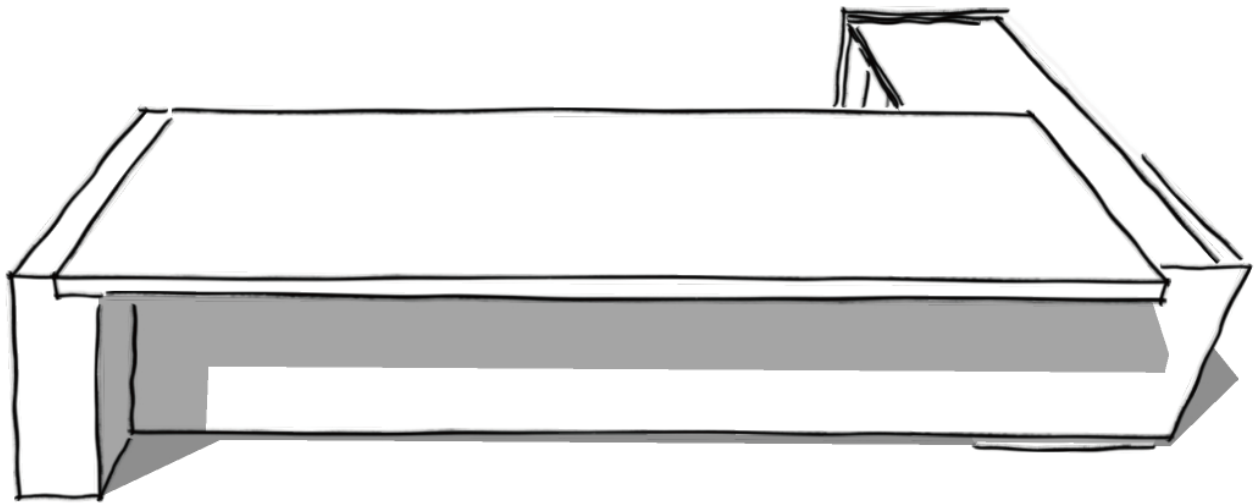

A close-up photograph of a modern executive desk. The desk features a dark wood top and a white marble base with a grey veined pattern. The design is minimalist and functional, with a clean, oblique cut. The background is softly blurred, showing a laptop and other office items on the desk.

MONOLITH, the combination of stone and wood, conveys the most natural artistic soul.

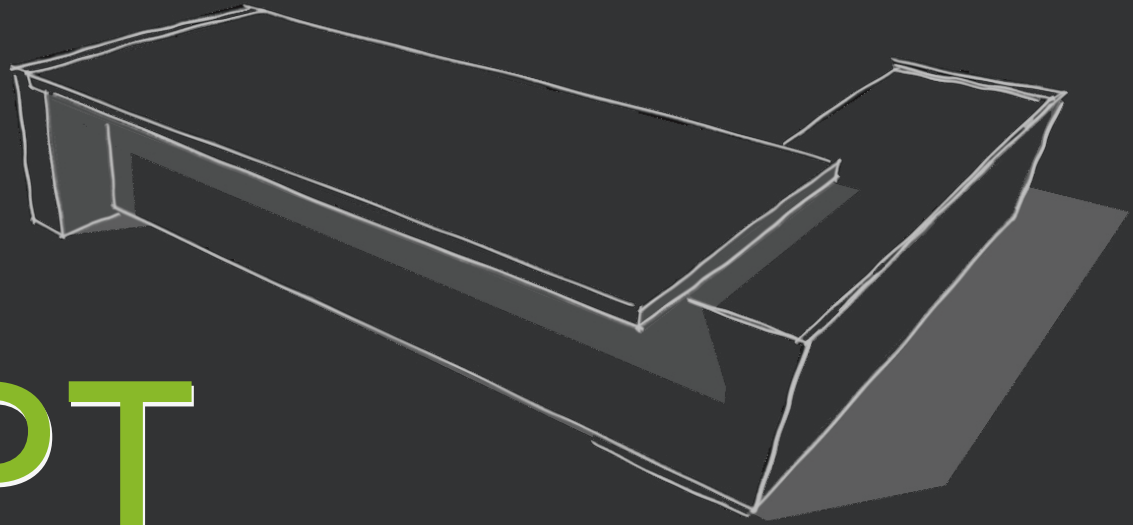

The oblique design is the embodiment of ingenuity. In a calm, quiet and low-key posture, Monolith reflects the boldness of vision of treating everything with disdain and the vastness of life.
