NOVAH® EDU

The role of library is gradually changing from the collection-centered to the reader-centered nowadays. So it is more important to do the reasonable space design of the whole library. The informal learning space has been paid more attention to, and it has become a topic for librarians to create a more comfortable and belonging formal reading area, and to provide more humanized study rooms.

① One-button-switch lighting is designed to support reading and self-study, it can also protect the eyesight.

② Modular sockets can meet the charging requirements of mobile devices.

③ Acrylic screen can reduce disturbing from vision and hearing.

④ The hook can hang personal belongings.

⑤ The middle foot can fully support the cable management.

⑥ Adjustable slides ensure the stability on the ground.
