Education

NOVAH

Large-format lectures play a vital role in higher education. Equipped with multimedia AV systems and critical seating solutions, lecture halls create interactive learning environments that attract and retain students.

The University Seating series offers two configurations: fixed seating and tables with swing-away arms. Designed to be flexible, adaptable, and modern, this series accommodates virtually any room layout — with options for straight or curved row arrangements, and compatibility with both flat and sloped floors.

Master Fixed Table & Seating – Linear

The Linear Fixed Table & Seating Modular System offers a simple yet sophisticated design, delivering a seating solution that maximizes seating capacity.

POWER

Undersurface power is available to meet various needs.

Z-LEG DESIGN

Unique geometric aesthetics maximize legroom for effortless student entry and exit.

CABLE MANAGEMENT SYSTEM

Undersurface raceways conceal cables from view and protect them from external interference.
